

SOC 2 Digital Trust Accelerator

ACHIEVE COMPLIANCE IN FOUR WEEKS, INSTEAD OF MONTHS

What is the SOC 2 Digital Trust Accelerator (DTA)?

We have partnered with Vanta and Prescient Security to offer you DTA, the fastest and smoothest way to get SOC 2 compliant. It is a bootcamp style initiative that will take you through a four-week program. By the end, you will be SOC 2 Type I compliant and ready to start your Type II observation period.

Why choose SOC 2 DTA?

We help you go beyond compliance. We help you establish and maintain trust with vendors, prospects and customers alike.

Accelerate growth

Unlock revenue blocked by non-compliance and decrease sales cycles by 30% to accelerate growth.

Keep your focus

Reduce hours spent on getting compliant by 70%+ and focus resources on other business-critical activities.

Build community

Tap into a community with a shared goal and build a network of fellow co-founders/leaders.

Eliminate audit anxiety

Lean on our GRC experts to liaise with Prescient Security and customize your Vanta requirements to satisfy Prescient Security's specific requirements. No more, no less.

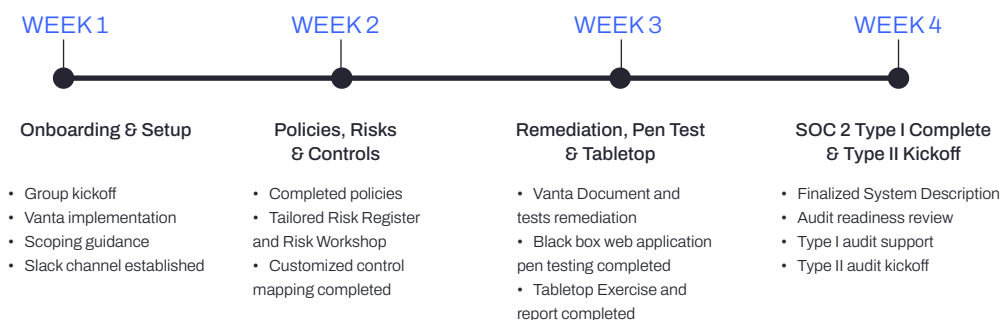

What's included?

66%

of startups have, or plan to get a, SOC 2

30%

reduction in time spent getting compliant

70%

decrease in sales cycle from being SOC 2 compliant

100% SUCCESS RATE FROM DTA CUSTOMERS

"It's incredibly valuable to have an expert readily available who possesses comprehensive knowledge of the intricacies involved. Some aspects of the process feel more like art than science, especially when dealing with auditors. Having someone familiar with these nuances is essential, as it transforms what may appear challenging into a more navigable journey."
